I thoroughly recommend Sarah as a Chartered Veterinary Physiotherapist for her expertise, her results and her straightforward and honest approach. Sarah is also a part time senior physiotherapist in the NHS with a thorough understanding of the complex issues of humans. This enables her both to keep up to date with the latest advances in comparative physiotherapy and also to give her time to pursue her true passion as a category A member of the Association of Chartered Physiotherapists in Animal Therapy. She has great experience with both elite equine athletes, pleasure horses and happy hackers - it should not be forgotten that older horses and ponies will benefit from routine physiotherapy.

Sarah's communication with veterinary professionals is excellent and she is happy to work closely with her clients' vets. My clients are always impressed by her techniques and results. Many then choose to have routine visits to maintain their horses' performance.

Sarah is always my first choice for rehabilitation of my equine patients after veterinary diagnosis and treatment of injuries.

Simon Pollard, BSc(Hons), BVM&S, Certificate in Equine Surgery (Orthopaedics), MRCVS.
